Claritas Power System Solution (P) Ltd.

In collaboration with Frako-Germany

Director : Mr. Tushar S. Deshmukh

Established : Started as a manufacturing firm in 1998 and soon became renowned in manufacturing of reactive power complete solution.

Product: CPSS manufactures all types of capacitors (low voltage, high voltage), Automatic power factor control panels, Tuned filter panels, Automatic harmonic filter banes, Automatic power factor correction panels.

History: Clarita's is privately owned. Company is operating in the global market through sales and distributions network, business association with Fovenn and Anlagen Bay GmbH, Germany for distribution, sales all over India. Highest number installation of Harmonic (Filter in industries all over India)

Achievements: Indian Achievers Award for Industrial Excellence, ISO 9001 2008 Certification. ERDA Certification, NSIC Crisil SE2B Ratings, Global Business Leadership Awards, National Leadership Excellence Award for Manufacture Development.

Market: CPSS provides complete solution package for energy savings and power quality improvement to steel industries (Foundry and Rolling), Cement, Sugar, Textile, Paper, Automobiles, infrastructure, Govt. institutional clients, captive power plants FMCG companies.

Recent Developments: Joint venture with Frako Germany, for setting up MV capacitors and vit reactor plant, Engaging in solar plant auxiliary equipment (Photovoltaic cell Retracting). Total estimated investment (USD) 2 Million.

LT Capacitors

Power Factor Control Relays

Promotion: Participation in various trade fairs like in Dubai, Middle East. Article in Economic times, Govt. next Review in June 2012. (Energy Conversion)

Expansion Plans: Overseas Market- Dubai, Kuwait establishing channel partners, approval in process. Target major captive power plants Indiabull, ADANI are existing Clients. Targeting institutional clients and Govt. managed companies.

Brand value: Clarita's is synonymous with reliability and user friendliness. Strong brand emerges in the market through innovation, technical up gradation and strong R& D facility.

Facilities for staff: CPSS covers various recreation facilities for staff members like gym, swimming, meditation and yoga at leading centers. Lectures are also arranged for self reliance and motivation for leading professional.

HT Capacitor Bank & Associated Equipments

Mantras to become successful entrepreneur: Catering to the changing needs of customers and on time delivery services. Innovations in products, deliver the promised result to clients. Brand positioning backed up with best R&D facilities

Capacitor Switching Contactors
