

# AGDC GROUP AMIT GAJJAR

Design, Execution & Project Consultancy

Selected 2012-14

INTERIOR - ARCHITECTURAL - STRUCTURAL - LANDSCAPE

**Director:** Mr. Amit Gajjar

**Established:** 1983

**Product:** Interior design, Product design, Research work in Corporate, Government and Public sector, Academic institution designing. We also do cultural and environmental area designing.

**History:** My design journey started with the help of my father and grandfather. Inspiration of design work came from my father, who worked at J. G. School of Art and Kalabhavan, A'bad. My grandfather studied in Baroda Fine Arts (1925). I worked with National Institute of Design as Professional Consultant from 2000 to 2006. I was

President of Furniture of Interior Design Association (FIDA) for 5 year.

**Achievement:** We have 7-8 designing work awards to our credit. My design work in NIOD was inaugurated by former President Hon. Dr. A. P. J. Abdul Kalam. I also have a few recognitions from society and have been chief guest for some events.

**Market:** We cover Interior design, Architectural design and Product design for various markets, such as workshop manufacturing places, Metal work in chair, rack design, electrical luminous. New concept designs are also successful in industry.

**Brand values:** We are one of the leading interior design companies in the city. The brand is a part of few of the organization of industry and working together for the development of "Interior Designing world."

**Recent Developments:** Since last 2 year we have been involved in designing different areas of Airport like Cargo Building, Hangar Building, Domestic Terminal Building and International Terminal Building. I have renovated many department building in Sachivalay Bhavan of Gujarat Government (Gandhinagar)

**Promotion:** Metal perfected furniture designs were done first time in NIOD and it was very successful. Library lighting design development was very much successful. In Sachivalay partition work and Cubical work with only plywood was very much successful.

**Expansion plans:** Our next plan is to manufacture the furniture designed by me, and also to promote product related showroom. We also plan to set up research and development team in our design studio.

**Facilities for staff:** Yes, we have 30 computers for staff for their design and developments with Hi-Tech series access and digital printers. The work place is more than 3000 sq.ft. and includes a guesthouse.

**Mantras to become a successful entrepreneur:** Believe in self-ability and be positive in everything. It is also very important to have the best teamwork for the organization, which requires great knowledge and efficiency of producing unmatched products.
