

SUPREME ENGICONS (INDIA) PVT LTD

QUALITY, TECHNOLOGY & CHALLENGE

Name of Managing Director:
Mr. Suresh Sahu

Established : 1999

Products: Supreme Engicons is a syndicate of consultancy services for providing premier technical, engineering and architectural solutions.

History: Started in 1999 as Supreme Consultant, we grew under the directorship of Mr Suresh Sahu. Basically we were architects and business project management consultant. Thereafter we started with building repair consultancy; slowly interior designing architects and project consultant development and project management consultant in civil engineering. Today encompassing all disciplines in Architecture, Interior designing, Structural engineering, structural repairs and

restoration, construction material testing, geotechnical investigation, construction project management, Supreme Engicons has been able to excel in area of core competence with professional acumen. We are a certified ISO 9001:2000 firm.

Achievements: We have provided professional services to over 400 projects including residential, commercial, educational, corporate office, industrial, renovations, restoration, structural rehabilitation, multiple housing, government, health care and religious facilities.

Market: We mainly did business through referral. Presently we have a marketing team headed by Mr. Adid Khan.

Recent Development: The successful completion of a multipart society at Chembur.

Expansion Plans: We aim high!! We want to be the number one consultants in Mumbai. We would like to work on bridges, tunnel etc.

Facilities for Staff Members: Yes, we do take care of our staff members. We conduct monthly seminars, get-togethers, etc. The best engineers and best debut engineers are also honoured.

Mantras (Secrets) For Become Successful Entrepreneur: Perfection keeps you successful always.

Brand Values: Professionalism is competence born of experience and partnering with our clients. Reputation keeps our brand sailing in the market. We don't compromise in quality services.

Corporate Social Responsibility: As charity we donate regularly to the cancer society.
