

Threads Technology [India]

Director : Mrs. Madhura Mahesh Bapat,
Mr. Mahesh Moreshwar Bapat.

Established : 1986

Product: Manufacturing and supply of technical threads, cords, tapes, narrow & net fabrics made out of natural and synthetic fabrics of cotton, Rayon, Nylon 6/66 polyester & Polypropylene, fibers.

History: Started in 1986 as Alpha International Mfg and supply of Industrial threads, Industrial cords, Industrial tapes & Fabrics

Achievements: We are working with public as well private sector with high brand value customers. We supply an Import Substitute at a one fourth price and a steady supply. This facilitates new developments for exports. Substitute for existing products for low valuation or for cheap price keeping same result as per specifications repute of customer. Some of the customers are Raymond's, Crompton greaves,

Lawkims, Indian Oil Corporation, Bharat Petroleum Corporation, Hindustan Petroleum.

Market: Growing Industries in the sector of Chemicals, Fertilizer, Motor Manufacturing, Generators, PVC Pipes, F.I.B.C. bags, Candle threads, Jewellery, Tap threads, Construction nets.

Recent Developments: In the threads division: F.I.B.C. threads, Tag threads, Starter threads. In the cord division: Electrical Insulation Cord, Parachute cord, Decorative cord and in Net Fabrics: Construction Net, Grape net, Pigeon net.

Brand Visibility: Crystal clear vision, Easy to recognize, Related to field, Quality control systems very tough & rigid, Random sample checking & inspection method, Special scheme, Extras packing free, Advertising in internet, Website on India mart and Just Dial Advertising.

Future plans: Would like to achieve a turnover of 50 crores. We are looking to expansion in field of value added products. We hope to increase existing capacities by 5 times and introduce monopoly type high-tech Industrial threads, cord fabrics for high tech industries like defence, electrical, motor spare parts.

Corporate Social Responsibility: We have supported 100 students' expenses like books and uniforms. Given Best Student Group award 2003 to students of C.S.S. High school, Girgaon, and Mumbai-4. As of today we have adopted 100 schools in Maharashtra and given all books to libraries as per their demands. We have also held Medical camps at Gangapur (Karnataka), from 2003 for approximately 1500-2000 poor village patients.

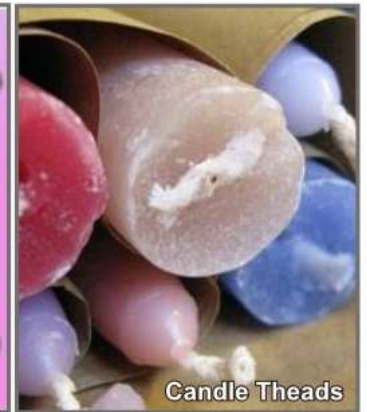

Facilities for staff: We treat each and every member of the company on humanitarian grounds and taking care of their family members in educational and medical needs. Incentive schemes for best performers are given along with promotions and excellence awards. Picnics, parties, common get together are also organised from time to time.

Mantra to become a successful entrepreneur: Have a strong vision. Do crystal clear deals. Keep a continuous watch on the market and find substitutes / options for products. Always keep purity in Quality, deliver on schedule, have solid payment terms. Consistency at each and every stage of product manufacturing is essential. Give respect to each and every person either in house our outside.

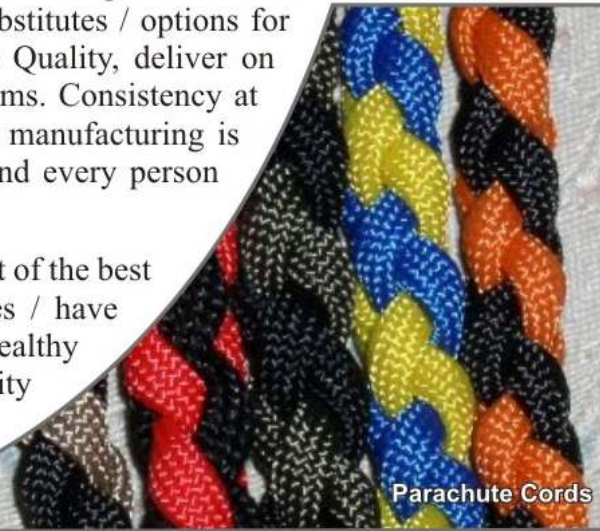

Salient features: We keeping best of the best human values. Import Substitutes / have substitute of products. We have a healthy atmosphere. Have purity in quality weight as per specifications. We are flexible in all respect.
